### Words of Praise

For the several ingredients of which Dr. Pierce's medicines are composed, as given by leaders in all the several schools of medicine, should have far more weight than any amount of non-professional testimonials. Dr. Pierce's Favorite Prescription has THE BADGE OF HONESTY on every bottle-wrapper, in a full list of all its ingredients printed in plain English.

If you are an invalid woman and suffer from frequent headache, backache, gnawing distress in stomach, periodical pains, disagreeable, catarrhal, pelvic drain, dragging-down distress in lower abdomen or pelvis, perhaps dark spots or specks dancing before the eyes, faint spells and kindred symptoms caused by female weakness, or other derangement of the feminine organs, you can not do better than take Dr. Pierce's Favorite Prescription.

The hospital, surgeon's knife and operating table may be avoided by the timely use of "Favorite Prescription" in such cases. Thereby the obnoxious examinations and local treatments of the family physician can be avoided and a thorough course of successful treatment carried out in the privacy of the home. "Favorite Prescription" is composed of the very best native medicinal roots known to medical science for the cure of woman's peculiar ailments, contains no alcohol and no harmful or habit-forming drugs.

Do not expect too much from "Favorite Prescription;" it will not perform miracles; it will not dissolve or cure tumors. No medicine will. It will do as much to establish vigorous health in most weaknesses and ailments peculiarly incident to women as any medicine can. It must be given a fair chance by perseverance in its use for a reasonable length of time.

You can't afford to accept a secret nostrum as a substitute for this remedy of known composition.

Sick women are invited to consult Dr. Pierce, by letter, *free*. All correspondence is guarded as sacredly secret and womanly confidences are protected by professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic. Easy to take as candy.

### HAIR TELLS CHARACTER.

**Color of Hair Said to Indicate a Person's Temperament.**

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average baldheaded man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, innocculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

### HICKS FOR JUNE.

A regular storm period extends from the 2d to the 7th. It is central on the 4th, with the moon on the celestial equator on the 5th. The crisis of this period will fall on and next to that date. It will be preceded by marked rise of temperature, with rapid and decided fall of barometer, and the culmination will come in sudden and severe thunder storm, cloud bursts, hail, wind and possibly tornadoes.

A reactionary storms period is central on the 9th, 10th and 11th. The new moon is on the 10th, in the midst of the magnetic crisis that falls annually on and about the 11th. Earthquakes will be reported in many quarters of the globe within three days of noon on the 10th. Rising barometer, west wind and change to much cooler will spread eastwardly over the country following hail storms and cloud bursts about the 11th to 14th.

The third regular storm period will prove one of the most decided times of turmoil in June. It is central on the 15th and will come to its culminating stages during the 16th to the 18th. Let no one take shelter under green trees during these vicious thunder storms in June. The lightning of a coming thunder storm is different from the harmless sheet lightning which blazes all around the heavens in the June nights.

A reactionary storm period falls centrally on the 20th, 21st and 22d. The June solstice and the Mercury disturbances are central together on the 21st. The moon passes over the celestial equator, working southward, on the 20th. On and touching that day look for sudden and very decided rise of temperature, with corresponding fall of the barometer.

The fifth regular storm period has its center on the 27th, reaching from the 25th to 29th. The moon is full and in perigee on the 25th and at extreme south declination on the 26th. Low barometer and other storm conditions will appear at the beginning of this period and solstice storms of rain, wind and thunder, will continue daily through the greater part of the same, especially central to eastern parts of the country. Another marked seismic period will fall from about the 24th to the 27th, most notably on the 25th and 26th. Heavy storms about the 25th to 28th will bring danger or alarm to you and yours if you are not ready for them. Probabilities are that the heaviest and most general rains in June will fall during this closing period of the month.

**Gompers Defied by Brewers' Union.**

The last barrel of "union" beer made in this country, according to an edict of the American Federation of Labor, was manufactured yesterday. At midnight the Brewery Workers' Union ceased to exist in the eyes of the national labor leaders, and the two million organized workingmen in the United States will be asked to become teetotalers, or to use some other kind of beverage than beer. The brewery employes have rebelled against President Gompers and the national labor executive council, and they are to be disciplined. The method adopted is explusion.

Secretary Kemper, of the Chicago union, said the 3,000 brewery workers in Chicago will go on brewing beer whether the American Federation of Labor regards it officially as a "union" product or not.

The trouble has been growing for several years. Two months ago the national labor council meet in Washington and gave the Brewery Workers' Union until June 1 to comply with an order to oust all engineers, firemen, and teamsters from its organization. These men were under the protection of the union, which was in conflict with the principle of trade autonomy upheld by the federation. The brewery employes then took a vote and 98 per cent of the members favored resistance to the order. This brought about the present situation.

**He Fought at Gettysburg.**

Davis Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take $500 for what they have done for me." Grand tonic for the aged and for female weaknesses. Great alterative and body builder; sure cure for lame back and weak kidneys. Guaranteed by E. S. Leadbeater & Sons, druggists, 50c.

**Reject Venus Without Skirts.**

The Kansas City, Kans., School Board has rejected a beautiful piece of statuary, Venus Genetrix, because of a conspicuous lack of drapery. The statuary was given the city by Senator W. J. Buchanan, a lover of art, who purchased it in Italy, and it was the donor's intention that this particular Venus should occupy a position of honor in the public library. This same Venus is now occupying a secluded corner in the basement of the library, where it was hurriedly consigned by the School Board because not thought proper art to exhibit.

**Do Not Neglect the Children.**

At this season of the year the first unnatural looseness of a child's bowels should have immediate attention. The best thing that can be given is Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by castor oil as directed with each bottle of the remedy. For sale by W. F. Creighton & Co. and Gibson & Timberman.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, JUNE 1, 1907.

THE WAR on comic supplements is being waged in all quarters. A vigorous attack was made on them by John T. Kelly, national director of the Ancient Order of Hibernians, of Milwaukee, Wis., at the Knights of Columbus Hall in Washington last night. In referring to the care that should be taken in the education of children. Mr. Kelly issued a warning as to the effect which may be produced upon infantile minds by reviewing the weekly efforts of the "Katzenjammer Kids" and "Happy Hooligan," which he stated have become a burden to the average intelligent reader of the Sunday papers. "The perusal of such stuff as is to be found in the alleged comic supplements is bound to have a most harmful effect upon the minds of children, and should be eliminated from the columns of the home newspaper," said Mr. Kelly. "I will not allow the comic supplements to enter my house, and I intend to use such influence as I possess in a warfare against their publication."

EARTH'S STORMS and tumults, after a short lull, are becoming active again. One hundred and seventeen thousand men are on a strike at French ports, and shipping is virtually at a standstill. Thousands of emigrants on their way to this and other countries are stranded at different ports with virtually no money and unable to speak the language of the country in which they are forced to remain. Unless the trouble between the men and their employers is quickly settled, disorders are inevitable. While such grave conditions confront people on the continent of Europe, unrest in Asia is causing anxiety not only in storm-tossed China, but to many in other countries who are interested commercially in the celestial empire. The uprising in the flowery kingdom is gathering force daily, and the Manchurian dynasty is threatened. Much blood has already been shed and there is no telling what sanguinary scenes may be enacted before normal conditions follow.

ANOTHER sensational trial is on the tapis in New York. Before the scandal of Mrs. Howard Gould's suit for a separation from her husband has been completely aired in the courts it is probable every skeleton in the Gould family closet will be dragged into the light, making a parade, it is said, of all the secrets of the Gould household which will furnish some sensational disclosures. The division of other members of the Gould family over Howard and his wife, it is said, will result in bringing to light facts which otherwise might have been kept back. Howard Gould, it is asserted, will not have the sympathy and support of his family. Some of his relatives, blood and by marriage, are expected to be witnesses against him.

IN TAKING the public into his confidence the new Senator from Wisconsin, Stephenson, has not mentioned how much it took from his huge lumber pile to secure his election over so many able competitors. In this respect he is much more secretive than Guggenheim, the copper captain, who has frankly admitted that he paid the campaign expenses of the members of the Colorado Legislature who elected him. The members themselves have also acknowledged that his election was in grateful recognition of his liberal use of his money.

FINES aggregating not less than $1,450,000 will be imposed on the Standard Oil at Chicago by Judge Landis in a few days. He can fine this corporation $126,000,000, which would materially cripple it, or raise the price of oil to the consumers, which latter will in all probability be done. But the smallest fine that can be assessed in this case will be the largest one of which there is any record in the history of the world. The Standard must pay on convictions for receiving rebates from railroads.

THERE IS no earthly excuse for an increase of a third in the price of flour demanded by millers in the Northwest. The occasional flurries in the wheat pit in Chicago are no reason for marking up flour, for the miller does not have to buy at the highest speculative quotations, and it is far to early too predict a wheat shortage. At the same time that this increase in the price of flour is reported the Secretary of Agriculture of Kansas says that the reports of wheat damage are much exaggerated.

GENERAL STEPHEN D. LEE, Commander-in-Chief, United Confederate Veterans, paid Col. R. E. Lee, of Fairfax, a great compliment yesterday in Richmond when he said: "The speech made today by Robert E. Lee before the United Confederate Veterans was the greatest and most patriotic address ever delivered at a Confederate reunion."

CONGRESSMAN TAWNEY declared in a speech at Gettysburg that the States were surrendering too much power to the federal government for safety. But Mr. Tawney's record in Congress does not show that he has put himself to much trouble to maintain State's rights.

THE STRAW hat season bids fair to be a short one.

Washington, June 1.

Today is cold and rainy and but little of interest is going on here.

The proclamation of the President, signed by the President before he left for Indianapolis and Lansing, putting into effect the recently negotiated tariff agreement with Germany was countersigned by the State Department and made public today. The agreement becomes operative, so far as it relates to the administration of the customs laws in the United States at once. But the changes in tariff rates on goods exchanged between the two countries, does not become effective until July 1.

Officials of the Washington government are watching developments in China with the undisguised anxiety, lest the outbreaks suddenly directed against foreigners. Following a cable report from U. S. Consul Paddock, at Amoy, the State Department has sent him instructions to keep the government thoroughly posted on the situation.

The surplus in the United States Treasury today, the opening of the last months of the fiscal year, was $65,499,723. For May the receipts exceeded the expenditures by within a few dollars of $9,000,000.

Following charges that the canal zone on the Isthmus of Panama is a hotbed of vice, crime, immorality, and official graft, the National Civic Federation of New York will make a thorough investigation of conditions there.

### CONFEDERATE REUNION.

The second day's session of the Grand Camp, Confederate Veterans, in Richmond yesterday, was opened by General Stephen D. Lee, the commander-in-chief. Gen. Lee announced the presentation of a loving cup to Chaplain Gen. J. William Jones, of Richmond, and introduced Gen. Stone, of Missouri, to make the presentation. Gen. Stone called Miss Edna Pearl Jewell, of Kansas City, Mo., to deliver the beautiful token of the affection of the South for her chaplain general.

Gen. Lee then introduced Senator John W. Daniel, who he said was "a gallant soldier of the Confederacy, who bears through life a constant reminder of that awful conflict." Senator Daniel took the stand amid tumultuous cheers from the old men, who stood on chairs and threw their hats in the air in their enthusiasm. Senator Daniel, who was the orator of the day, made one of his characteristic addresses. He was interrupted throughout by round after round of applause.

At the conclusion of Senator Daniel's address before the Grand Camp, General Lee presented, amid applause, the only living daughter of Jefferson Davis, Mrs. Verina Hayes, of California. The old veterans became wild with joy at seeing the daughter of their beloved president, and the hall rang with their cheers. Mrs. Hayes was accompanied by her two children, who also came in for a large share of the applause. Mrs. Hayes will, on Monday, unveil the memorial to her father, erected by the Daughters of the South. This will be the closing feature of the great reunion. Mrs. Hayes smiled and bowed to the assembled veterans, but was unable to do more on account of the tremendous ovation accorded her.

Col. R. E Lee, jr. grandson of the great Confederate chieftain, was then introduced. Col. Lee, in words that fired the aged blood of the followers of his great namesake, vindicated the South of all charges of having fostered slavery, of attempting to break up the Union, and other charges which were made when the Confederacy was formed.

The second session of the convention of the United Sons of Confederate Veterans was called to order in the City Auditorium yesterday morning. The session was given up chiefly to the hearing of reports from the various division commanders. Many of the reports bespoke the enthusiasm which is being stirred up among the organizations in the Southland, and encouragement for the future was bespoken as to the keynote of success. Dr. Thos. M. Owen, of Alabama, called the convention to order. Rev. John W. Cardwell, chaplain general, opened the session with prayer. Many interesting papers relative to the work being accomplished by the Sons were read.

The great social event of the reunion took place at the Horse Show Building last night, when the great ball in honor of the visiting maids of honor and sponsors was tendered. The guest-of-honor badge entitled the veterans to admission.

The ball was one of the most brilliant ever held at any reunion. The fairest daughters of the South, appeared upon the floor escorted by the Sons of Veterans with whom they danced. The building was beautifully decorated in the colors of the Confederacy, and old Southern dance music was largely used.

Today there was no parades, and the veterans will find time to secure a much-needed rest. There was a meeting of the convention at the Horse Show building at 9:30 o'clock, and a meeting of the Confederate Army and Navy Surgeons at the Reservoir Young Men's Christian Association building at 11 o'clock. This afternoon a reception for Confederate women will be held at the Woman's Club, and at 5 o'clock the reunion choir will give a concert at the Auditorium. At night, Governor and Mrs. Swanson will hold a reception at the Executive Mansion, and at the Auditorium there will be Polk Miller's entertainment for veterans, Sons of Veterans, sponsors and maids of honor. The entertainment will include wartime scenes, with songs and dances, and the programme has been especially arranged to please the veterans.

### Human Flag.

A distinctive feature of the unveiling of the Stuart statue in Richmond yesterday afternoon was the human Confederate flag formed by six hundred public school children, who sang Southern songs. The flag formation will be repeated Monday, when the Jefferson Davis monument will be unveiled. The children will assemble at the monument at eleven o'clock.

Cards are out announcing the marriage of Henry B. Athey, of Baltimore, son of the late Capt. W. W. Athey, of Leesburg, to Miss Sarah Pulham, of Newark, N. J.

### Predict Federal Control.

Universal control of the railroads of the United States by the federal government was predicted in Chicago yesterday by the big railroad men and railroad attorneys.

Within the present generation, it was declared by the railroad operators, the railroad lines of the country would be run under the regulation of the United States government. Almost without exception railroad attorneys agreed with the views presented by President Roosevelt in his Decoration Day speech at Indianapolis.

"The time is not far distant when every railroad of the country will be under the control of the United States. It will not be many years before a railroad ticket will be purchased like a 2-cent stamp. A universal rate will be accorded to every one. No special rate, passes or rebates will be granted, and every railroad in the United States will be working on a fair and equal basis that will mean good returns for every investor interested," was the declaration of one big railroad man who is connected with a number of lines. "This will be the ultimate result of the present agitation in the country."

Railroad officials declare that it is only right that big railroads, covering miles of territory and extending through many States, should fall under the direction and jurisdiction of the government, instead of being subject to the control of State government.

Commander-in Chief, Gen. Stephen D. Lee.

Lieutenant-General, Department Army of Northern Virginia, General Irvine Walker.

Lieutenat-General, Department of Tennessee, General Clement A. Evans.

Lieutenant-General, Trans-Mississippi Department, General W. L. Cabell.

Birmingham, Ala., was chosen as the city for the next (the eighteenth) annual reunion for the veterans. Other cities competing were San Antonio and Nashville. The vote at first stood about 1,600 to 800 in favor of the Alabama town. The vote was finally made unanimous in favor of Birmingham.

### The Revolt in China Growing.

Hong Kong, June 1.—Three provinces are now affected by the Chinese revolt and the uprising is growing every day. Conservative estimate of the armed rebels the number at 50,000.

Kiang Si is the latest province to be affected. A message from Nan-Ngan today says that an outbreak has occurred forty miles north of that city. Only officials were attacked. It is reported a dozen civil and military authorities and their families were killed.

Kwang Si province is also threatened with a serious revolt. The southern boundary of the province is close to Lien-Chow, where there was a violent outbreak early in the week, resulting in an attack on a German mission station.

At Pakhoi, the port of Lien Chow, all white women have been ordered away by the British consul. Every white man in the city has been pressed into service to stand guard over the consulates.

In Kwang-Tung province, where the uprising started, the situation is reported as growing graver all the time. Practically the entire coast from here to Amoy is now patrolled by launches and small steamers ready to succor the needy in case of an attack. Vessels stopping at the ports in this vicinity are being watched.

Alarming reports continue to reach here of the depredations of the 60,000 armed rebels. Practically the whole southern part of Fokiue province is said to be controlled by them.

Amoy June, 1.—Chang Chow, 24 miles from this city, is now threatened with attack by the rebellious Triads. It is believed the greater part of the army of the 30,000 men collect to the south of Amoy yesterday has started toward Chang-Chow. It is one of the largest cities in this part of China, having a population estimated at nearly 1,000,000 people. If captured it will therefore prove an important advantage to the rebels who can undoubtedly secure many recruits there. The United States gun boat Helena has arrived and warships of other nations are expected shortly. It is believed Amoy can easily be defended from attack if the rebels try to capture the city.

### The Furnace Mystery.

Cincinnati, June 1.—Because he overheard a band of anarchists discussing a plot to kill President Roosevelt during his participation in the unveiling of the statue of General Lawton in Indianapolis, Frank Kess, an educated Hungarian, was thrust into the furnace at the Ryan soap factory, in this city, early yesterday morning and burned alive.

Cincinnati, O., June 1.—The mystery surrounding the finding of the body of a man in the firebox at the Ryan soap factory is today as impenetrable as ever. The police are at sea and are now bending all their efforts to discover the identity of the man. Although it would have been a difficult task for a man to have forced himself into the firebox, the police are inclined to think that it may have been suicide, the act of a demented man.

Cincinnati, O., June 1.—A clue to a possible identification of the victim of the furnace mystery and a motive for the murder were given to day by George Ruck, a German restaurant keeper.

Ruck identified the coat found beside the furnace door as exactly like that worn by a foreign sailor, believed to be a German, who frequently came to Ruck's restaurant, and had considerable money. The man was accompanied by a companion of a taciturn disposition.

The sailor was a mechanic and had lately come either from Washington or Baltimore. In the pocket of the dead man was found a clipping from the Cincinnati Post containing a story of the strike of machinists at Meadville, Pa.

"The man spoke German and I struck up an acquaintance with him," said Ruck. "He had been a sailor, but had lately come from Washington or Baltimore. He had followed the machinist trade. The man wore a pea-jacket, sailors, coat, exactly like the one found. He had considerable money and always paid the bill for both men."

The coat had been ripped or cut apart and the padding of the shoulders removed as if in a search for money hidden there.

### Brewery Workmen Expelled.

Washington, June 1. — President Gompers, of the American Federation of Labor, today issued a formal order of expulsion of the United Brewery Workmen of America from the Federation.

This action was taken on account of the failure of the brewery workmen's union to carry out the mandate of the Minneapolis convention of the American Federation of Labor, held last November, to refrain from further inclusion in its membership workmen who are employed as firemen, engineers and teamsters. In his order sent to the headquarters of the union in Cincinnati, President Gompers says: "Now, therefore, in accordance with the decision and instruction of the Minneapolis convention of the American Federation of Labor, the executive council directs me to say that the charter held by the International Union of United Brewery Workmen of America is and stands revoked on this date, and you will, therefore, return said charter to this office upon receipt of this communication, your organization being thereby dissociated from the American trade union movement, the American Federation of Labor."

### The Seamen's Strike.

Paris, June 1.—The maritime strike was the principal subject considered at a meeting of the council of ministers today, as the situation caused by the refusal of seamen to man vessels in the merchant marine is admitted to be serious.

Arrangements were made by the ministers to continue the service by using naval ships. But the big subject of increasing the pensions for invalided seamen, which caused the strike, was not considered. This leaves the big transatlantic companies powerless to resume service. Just how badly they have been hurt was shown by the fact that the Provence was unable to sail from Havre this morning, although she is a mail steamer. No steps have been taken to assure the resumption of mail service to the United States.

### Earthquake Shocks.

Washington, June 1.—An earthquake was recorded today by the weather bureau seismograph. From the evidence of the record and the origin this earthquake was practically at a considerable, probably thousands of miles from Washington, and consequently the amplitude of the motion in Washington was comparatively slight.

Ottawa, Ont., June 1.—The seismograph in the Dominion Observatory here today recorded a violent earthquake shock at a distance apparently of several thousand miles. Several distincts shocks were recorded indicating that the earthquake was of extreme violence. Observatory officials believe the earthquake was to the south, but they have no idea just where it occurred.

### Serious Result of a Quarrel.

Providence, R. I., June 1.—Two men dying today at the Rhode Island Hospital are the result of a quarrel last evening at the Brown and Sharp Manufacturing Company when Fitzroy Willard resented the epithet "hunch-back" applied to his crippled family. For some time past Willard has been hectored by Amos Graham, who twitted him with belonging to a "hunch-back" family. Yesterday, apparently believing himself about to be attacked, Willard pulled a revolver and shot Graham in the abdomen. The other clerks rushed between them and a second bullet from Willard's pistol was received by Thomas Edmundson. Neither man has much chance for recovery.

### Deed of a Jealous Man.

Detroit, Mich., June 1.—David Walters, who stabbed his wife to death at her home last night and then cut his throat, has a fair chance to recover. He committed the crime because he claimed she was infatuated with Clifford Kirkpatrick and had followed him from Ohio to this city. A picture of Kirkpatrick was found pinned to the waist of Mrs. Walters and a note written by the dead woman to Kirkpatrick, stating "My only dear one," was also found. Kirkpatrick was arrested by the police, but later released. Gerald, the infant son of the couple, was asleep in the room when Walters killed his wife.

### Croker and Irish Politics.

London, June 1.—Richard Croker may become the leader of the Irish national party in Parliament. This surprising possibility was pointed out today by one who is in close touch with the politics of Ireland. It is thought he will have little difficulty in replacing John Redmond, the present leader in Parliament. Croker has lived in Ireland long enough to be naturalized. It is pointed out that by persuading some member to resign it would be possible to put Croker in Parliament within two months. He is popular on account of his love for Ireland.

### Misinterpreted Lord's Leading.

Harrington, Del., June 1.—The Rev. DeWitt Carpenter, formerly pastor of the Harrington Apostolic Holy Christian Church and Della Goodrich a young deaconess, for whom it was believed he left his wife and two children as a result of getting his letters mixed, has written an apology to his former congregation at Harrington. He says he is now convinced that he has done wrong, and is extremely sorry for it. He misinterpreted the Lord's leading in the matter, he says.

### New Trial to Burnham.

New York, June 1.—The decision of the appellate division of the Supreme Court yesterday in granting a new trial to George Burnham, jr., former second vice president of the Mutual Reserve Life Insurance Company, promises to have a much greater effect than at first appeared. At the district attorney's office it was admitted today that if the Burnham decision is allowed to stand it will be practically impossible to secure conviction in the other insurance cases now pending.

St. Petersburg, June 1.—An attempt to wreck a train on which the Grand Duke Constantine Constantinovitch was a passenger by sending a "wild" locomotive to meet the passenger train, is reported today from Orel. Shortly before the train was due in Orel some unknown person started the engine at full speed down the tracks. However, the train was late and the wild engine was sidetracked before a collision occurred.

### Strike Averted.

Pittsburg, Pa., June 1.—The threatened coal strike of the miners of the Pittsburg Division has been averted for 30 days at least. Both sides have agreed to leave the question of the use of the Pate dumping machine to a committee of three and give them 30 days in which to settle the differences. About 6,000 miners called out yesterday at seventeen mines by District President Francies will return to work pending the decision.

### Destructive Fire.

Titusville, Pa., June 1.—Fire which burned over a section of about eight acres early today caused $100,000 damage. The flames originated in the Harris barrel works and soon spread to the Harris oil and grease works, the Harris skating rink, the Smith machine shops, the Posey machine shops and half a dozen dwellings, all of which were partially destroyed.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

### Alexandria Free Kindergarten.

At the annual meeting of the directors of the Alexandria Free Kindergarten last evening, Mrs. Andrews read an admirable paper on the "Beneficial Influence of the Kindergarten" Miss Holeman, kindergartner from Neighborhood House, in Washington, and Mr. Neighl, resident superintendent of the same settlement, both spoke most earnestly in favor of kindergartens; the former gave an illustrated talk on the kindergarten gifts, and the latter spoke on the need of a kindergarten in a social settlement. Mr. Neighl said that the cost of carrying on the work in the Neighborhood Settlement was $500 per month, which is more than the cost of supporting the free kindergarten in this city for one year. The president, in her address, referred to the fact that "although we have not the full assurance of the $200 from the city, which they have given us the last three years, we are still hopeful of their assistance, and that it is our desire to make the Free Kindergarten a part of the public school system, as it is in several cities of this State." Mrs. Oscar Carter kindly contributed a piano solo and two of her pupils, Miss Emma Carter and Miss Christina Kemper, a duet.

### Unseasonable Weather.

The low mean temperature which has prevailed throughout the country during the past two months has broken all records. According to the official forecast temperature will continue comparatively low tomorrow over the eastern portion of the country, and will change but little in the extreme west. Over the central portions it will be warmer by Sunday. The entire section east of the Mississippi may expect cool weather and rain tomorrow, but from present indications the weather will turn warmer by Monday, and after that day real summer temperature is likely to prevail. The mercury this morning at 7 o'clock stood 54°. Rain was falling with the wind from the east, and these conditions have prevailed throughout the day.

### Democratic Committee.

A meeting of the democratic city committee was held last night in the Hotel Fleischmann. The primary to be held June 19 to nominate a candidate for Congress was discussed and it was decided to postpone until next Monday the selection of judges who are to serve at the polls. The secretary was directed to ascertain the names of those who acted as judges of election in the last democratic primary held in this city and to report at a meeting to be held next Monday night. At the next meeting the committee will probably fill the vacancies in the membership existing in the representation from the Second and Third wards.

### To Stop at Alexandria.

To afford the people of Alexandria an opportunity to visit Marshall Hall on Sundays, it has been arranged to have the steamer Charles Macalester leave Aitchson's wharf each Sunday at 11:30 a. m.; 3:00 and 7:00 p. m.; returning leave Marshall Hall at 1:00, 5:00 and 9:00 p. m. The concerts by Schroeder's Band enliven the day and evening at Marshall Hall and a pleasing programme has been arranged for tomorrow. Table d'hote dinners and meals a la carte are served on arrival of the steamer. Marshall Hall has ever been a popular resort with Alexandrians.

### Suit for Libel.

Mr. C. B. Graham, of Alexandria county, has entered suit in the Circuit Court of that county against Mr. Frank Lyon for $20,000. Mr. Graham charges that Mr. Lyon printed in his paper, the Monitor, an article stating that he, Graham, had called a secret meeting of the county democratic comittee at which all the judges and clerks of election that were appointed were favorable to the election of Mr. Carlin for Congress and that the friends of Judge Nicol had been ignored. This Mr. Graham denies and seeks vindication through a libel suit.

### Luna Park Attractions.

While Luna Park has been liberally patronized since the resort was opened last Saturday, the unseasonable weather has prevented many others from visiting it and enjoying the many attractions presented this season. On Monday last, when the Alva Aerie of Eagles of this city and large numbers of their friends went on an excursion to the park, some inconvenience was experienced on the return trip home from the fact that trains did not leave in front of the main gate, as had been expected, and reference was made to that fact in this column. But all this has been remedied, and the announcement of the improved facilities should be made in the same public manner as was the complaint concerning the previous unsatisfactory conditions. The electric trains from Washington after 7:15 p. m. now run up to the main gate of the park, and Alexandrians are no longer compelled to descend the hill and await trains from Washington. In other words, people from this city now enjoy the same accomodations as was heretofore afforded Washingtonians only. The cross-over switch for the new track had not been received last Monday. It, however, arrived later in the week and was placed in position, since which time all southbound trains from 7:15 p. m. have been stopping in front of the gate for the accomodation of Alexandrians.

### Second Presbyterian Church.

Foreign mission day exercises will be observed in the Sunday school of the Second Presbyterian Church tomorrow morning at 9:30 o'clock. This service was postponed last Sunday on account of the inclement weather. Some special music and addresses will be given by members of the school, and the mite box offerings will be received.

Rev. J. R. Sevier will continue tomorrow night the studies of the lives of the great men of the Old Testament. The subject will again be Noah, consisting of his life in the ark and after the flood. Miss Lydia Richards Hughes, a contralto singer from Washington, will sing as an offertory, "From Every Stormy Wind That Blows," and after the sermon she will sing "Day is Ended," the violin obligato to which will be played by Mr. J. Reilly Stanton, of Washington.

### Social.

The Y. P. S. C. E. of the Methodist Protestant Church gave a social in the lecture room last night. Nearly every available seat was occupied and a very enjoyable evening was spent. The following programme was excellently rendered: Piano duet, Miss Ethel McDonald and Miss Addie Lindsey; chorus, eight young ladies; piano solo, James Cunningham; vocal solo, Birdie Hancock; recitation, Miss Grace Chambers; chorus, young ladies; solo, Mr. Neal Cary; graphophone selection. The entertainment closed with refreshments abundantly served. Next Monday evening there will be a moving picture entertainment given by the Young Men's Club of the Church and it is anticipated there will be a large attendance.

### Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Charles Williams, colored, charged with stealing copper, was fined $5.

Isaac Edney, colored, charged with stealing a rooster from Robert Williams, colored, was fined $5.

Joseph Wesley, colored, charged with assaulting Hannah Wesley, also colored, was fined $5.

James Johnson and Hattie Hamilton, both colored, charged with improper conduct, were dismissed.

Frank Townson, charged with vagrancy, was sent to jail for 20 days.

### A. O. H.

Judge Kelley, one of the national directors of the Ancient Order of Hibernians, and judge of the Court of Common pleas of Milwaukee, Wis., will deliver an address at the entertainment to be given under the auspices of Alexandria Division No. 1 Ancient Order of Hibernians at the Y. M. S. L. Hall tomorrow night. The musical and literary features of the programme will consist of some of the leading talent of the city and the Irish ladies choir, of Washington. The entertainment is a complimentary one and tickets can be secured from the members of the order.

### Civil Service Office.

As heretofore stated a branch office of the Civil Service Commission will be removed from Washington to Alexandria about the first of July next and opened in the customs house building here. The change is made necessary for want of office room in Washington. It is estimated that nearly 2,000 persons are examined by the commission every month.

### Free Methodist Church.

Elder Rev. A. J. Miller will preach in the Free Methodist Church at 11 o'clock tomorrow morning, at which service the sacrament of the Lord's supper will be celebrated. Elder Miller will also preach at 8 o'clock p. m. There will be a love feast at 2:30 p. m. The services tomorrow will be in connection with the regular quarterly meeting.

### Anniversary Celebration.

The eighteenth anniversary of the Epworth League of Trinity Methodist Episcopal Church was celebrated last night. There was a large attendance and the exercises were appropriate and interesting. An address relating to the work of the league was delivered by Rev. J. W. R. Sumwalt, the presiding elder of Washington district.

### Death of a Former Resident.

Mrs. Jane Chrismond, a former resident of Alexandria, died at the Little Sisters' Home, in Washington, yesterday. The deceased was the widow of Robert Chrismond, and was 92 years old. Many years ago the deceased and her family resided in the alley in the square bounded by King, Prince, Fairfax and Royal streets.

### Property Sales.

Justus Schneider has sold to Hester Carter a house and lot on the east side of Washington street between Gibbon and Franklin.

Lucy Morris has sold to W. H. Peck a house and lot on the north side of Cameron street, between Payne and Fayette.

### To Repeat Drill.

The Misses Rotchford and class have been requested to repeat the drill of last Tuesday in the Meem Hall, West End, next Tuesday evening. In addition to this there will be good music and fun for all. Come and bring your friends.

### Personal.

Capt. J. V. Davis, formerly superintendent of the National Cemetery at this place, but now in charge of the cemetery at Antietam, in renewing his subscription to the Gazette, says: "I am here, and Alexandria is the countersign to any and all of my old friends in Virginia. The latch-string is out, and if that isn't wide enough, the old door comes off of its hinges."

Mr. R. Edward Power has resumed his duties as letter carrier at the postoffice.

Mr. and Mrs. A. A. Paul have returned from a pleasant visit to Harrisburg.

Rev. Father H. J. Cutler has returned from Mt. St. Agnes Sanitarium much improved in health.

Mr. Harry Hantzman, now of Charlottesville, is in the city on a short visit to his former home.

The marriage of Miss Lucy Montgomery Smith, to Dr. Samuel Warwick Price, of West Virginia, will take place at the home of the bride-elect's father, Mr. W. W. Smith, Cedar Hill, near Broad Run, at half past eight o'clock. A number of Alexandrians will attend the wedding.

### Birthday Party.

The residence of Mr. and Mrs. B. R. Cline presented a beautiful scene last evening, when the young friends of their granddaughter, Miss Madaline Byrne, gathered to celebrate her 15th birthday. The house was beautifully decorated with palms and flowers for the occasion. Games were played until ten p. m. when the guests were invited to the spacious dining-room, where a sumptuous repast had been prepared. Miss Byrne was the recipient of many handsome and beautiful presents, among them being a handsome gold cross, presented by her teacher and schoolmates.

### Elks' Excursion.

As heretofore stated, Alexandria Lodge of Elks' will give an excursion to Luna Park on Thursday, June 6. The committees having this excursion in charge guarantee a pleasant time to all who may attend. Arrangements have been made with the park officers to take on and discharge passengers at the gate instead of at the foot of hill.

### Conference of Priests.

A conference for the priests of Northern Virginia will be held in this city Tuesday, June 18th, and will be presided over by Rev. H. J. Cutler, pastor of St. Mary's Church. Papers will be read and theological matters discussed.

### Verdict Against the Waters-Pierce Company.

Austin, Tex., June 1.—The jury in the case of the state vs. the Waters-Pierce Company, to oust it from Texas, and collect penalties for violations of the anti-trust laws returned a verdict today against the company, cancelling its permit to do business in Texas, and assessing penalties against it amounting to $1,682,000. The jury of farmers returned the verdict, which is a sweeping victory for the State. The defense will appeal. The trial of the case lasted three weeks.

SATURDAY EVENING, JUNE 1, 1907.

### Case of Suicide.

There is every reason to believe that the charred body found in the furnace of the Ryan Soap Works, Cincinnati, early yesterday morning was that of a suicide. Ed. Wilson, engineer at the Fair View Street Railway, about a half hour's walk from the soap works, reported to the police that shortly after 4 o'clock yesterday morning a stranger had come into his engineering room, opened a furnace door and looked inside. On being spoken to, the stranger pointed overhead, then into the furnace, then went away talking in some tongue unknown to Wilson. Wilson noticed the peculiar coat worn by the man, and his description tallied exactly with that of the coat found at the soap works furnace door. Wilson later saw the coat and apparently identified it as the one worn by his strange visitor.

Chief of Detectives Ralph C. Crawford says: "The case is clearly suicide. The man would have thrown himself in the furnace of the Fair View incline, but the door was too small. The furnace door at the soap works was plenty large enough for this purpose. He was a tramp and a foreigner. I am told some foreigners believe death by cremation insures heaven for the cremated."

### Theater to be Run by Priests.

The College Theater in Chicago, the new $300,000 playhouse erected by the faculty of St. Vincent's College, will be formally opened next Tuesday evening, when the grand opera "Otho Visconti," by the late F. G. Gleason, will furnish the bill for the evening. The College Theater is the first playhouse in America, and possibly in the world, to be owned, operated and managed by a church, and the announcement that it will enter the field in competition with the high-class downtown playhouses adds a new factor to the theatrical situation in Chicago. The priests who make up the faculty of St. Vincent's College will manage the house, booking all its attractions and looking after the other details that demand the attention of amusement promoters.

### Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must from necessity be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's Remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, cold, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumanic pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but $1.25. For sale by W. F. Creighton & Co. and Gibson & Timberman.

### A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off, "writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by F. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

### Floods in Texas;

A dispatch from Dallas, Texas, states that a farm house on Honey Grove Creek, six miles from the town of Honey Grove, was washed away by a flood Thursday night, and George Stebbins, his wife and their four children drowned.

A telegram from El Campo states that M. M. Tucker and George Gullet were drowned Thursday night in Blue Creek. The men were fording the swollen stream and the feet of their horses became entangled in a lariat that was fastened to a saddle pommel and had floated.

One mile of the Santa Fe track at Gelate, one mile of the Texas and Pacific track at Petty, and 600 feet of the 'Frisco track at Hinkley were washed out Thursday night. All railroad trains in north Texas are behind schedule time.

The Trinity, the Red, and the Sabine rivers are overflowed.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cents. Sold by E. S. Leadbeater & Sons.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act, June 30th, 1906. Serial number 1098.
